Best Reviewers Awards for 2018

On behalf of the *Pediatrics International*, I am pleased to announce the recipients of the Best Reviewers Awards for 2018.

The Best Reviewer Award has been established to honor our reviewers, who made outstanding contributions to support Pediatrics International. Last year, a total of 951 reviewers kindly participated in reviewing manuscripts submitted to the journal and we recognize 11 of them as awardees. These individuals were simply elected based on the number of completed reviews.

We express our sincere gratitude to the awardees as well as all the other reviewers for continuous support of Pediatrics International.
