

Best Reviewers Awards for 2015

The Best Reviewer Award has been established to honor our reviewers, who made outstanding contributions to support *Pediatrics International*. Last year, a total of 928 reviewers kindly participated in reviewing manuscripts submitted to the journal and we recognize nine of them as awardees. These individuals were simply elected based on the number of completed reviews. We express our sincere gratitude to the awardees as well as all the other reviewers for continuous support of *Pediatrics International*.
