On behalf of *Pediatrics International*, we are pleased to announce the recipients of the Best Reviewers Awards for 2019.

The Best Reviewers Awards have been established to honor our reviewers, who made outstanding contributions to support *Pediatrics International*. Last year, a total of 816 reviewers kindly participated in reviewing manuscripts submitted to the journal and we recognize six of them as awardees. These individuals were simply elected based on the number of completed reviews.

We express our sincere gratitude to the awardees as well as all the other reviewers for their continuous support for *Pediatrics International*.
